### **RELEVANT FACT**

Grendene S.A. ("Company") (GRND3), in compliance with the provisions of Article 157, paragraph 4 of Law No. 6,404/76, as amended, and Resolution No. 44 CVM (Securities and Exchange Commission of Brazil), of August 23, 2021, informs its shareholders and the market in general that on December 16, 2022, became final Favorable decision of the Federal Regional Court of the 5th Region that recognized its right not to include amounts corresponding to tax benefits granted by the state of Ceará in the IRPJ (Corporate Tax on Legal Persons) and CSLL (Social Contribution on Net Profit) calculation base, and removed the restrictions imposed by federal legislation, which conditioned the non-taxation of such amounts to their maintenance in a profit reserve account, which could only be used to absorb losses or increase in share capital.

Thus, the company's management observes that, together with the lawyers, auditors, and consultants, it is calculating the amounts covered by the aforementioned decision and will inform the shareholders and the market in general of the Company's management's recommendation regarding the allocation of the amounts determined as well as the time of its occurrence, if approved by the Board of Directors and/or shareholders' meeting, as the case may be, at a suitable time.

The Company will keep its shareholders and the market duly informed regarding any new information or relevant developments on the issues herein.
